GERMANS STIR UP MEXICO MANY U. S. PLANES IN FRANCE

Three Californians Killed—S. F. Woman Is Burned—Sinn Fein Plots—War and Other Wire News

S. F. WOMAN BURNED TO DEATH IN FACTORY

One woman was burned to death, several others were injured and extensive property loss was caused by fire which broke out yesterday on the third floor of the Walter N. Brunt Company, San Francisco printers, in a room where Red Cross badges were being manufactured.

The dead woman, burned almost beyond recognition, was identified as Mrs. H. M. Lambert, 1628 Sutter street.

Mrs. Kate Brand, forewoman, was severely burned about the face, throat and hands. She was treated at the Central Emergency Hospital and removed to her home, 415 Buchanan street.

About forty women were employed in the room where the blaze started. The fire was caused by the igniting of a basin of alcohol by the gas flame from a heated roller used in making the badges.

MEN UP TO 55 YEARS TO BE ENLISTED

WASHINGTON, May 25.—Another move toward full utilization of the country's man power was made late yesterday, when Secretary Baker sent to Congress the draft of a bill proposing to raise the maximum age limit for voluntary enlistment in the army from 40 to 55 years. All menover 40 so enlisted would be assigned to non-combatant service.

In a letter to Speaker Clark asking that the bill be pushed, Secretary Baker said many men whose long experience as mechanics and artisans will make them particularly valuable to the various staff corps and departments may be thus secured.

There probably are 7,500,000 men between the ages of 40 and 55.

SAN FRANCISCO GOES OVER TOP

San Francisco has gone $200,000 over the top in the Red Cross drive, according to estimates last night. The city's quota is $1,050,000.

....WASHINGTON, May 25.—More evidonce than that disclosed n the British official statement of the close connection between the Irish Sinn Fein and German influence is 5 nthe hands of the British and American governments, it was stated officially here today. Arrests are to be made soon in this country and possibly additional arrests in Ireland.

A number of prominent Irish-Americans, including several heretofore known as Irish patriots, are under surveiliance. In most cases it was said, arrests will be made on technical charges of seditious utterances, with most of the facts concealed until the trial.

The declaration brings the total number of nations aligned against Germany up to a total of twenty-one.

D. tephens is endorsed for re-election because of his stand on the federal constitutional prohibition amendment in resolutions made pulic today as adopted by the ratification committee of 23 appointed at the February Fresno convention of various prohibition organizations.

HUNS WANT INDEMNITY FROM ALL OF US

LONDON, May 25.—Because the war indemnity which Germany will demand frm Great Britain and the United States "will cover the deficit," the German minister of finance is opposed to an income tax in Germany similar to the one in Great Britain. This announcement is made in the Frankfurter Zeitung.

200,000 AMERICANS WENT OVER THIS MONTH

WASHINGTON, May 25.—Mroe than 200,000 Americans will be sent abroad during May and that number probably will be much exceeded next month, members of the Senate Military Committee were told today at their weekly conference with Secretary Baker and his assistants.

1,316 U. S. AIRPLANES NOW IN FRANCE

WASHINGTON, May 25.—Full strength of the army, including national army, national guard and regulars now is two million men, Chairman Dent of the House Military Committee, announced today in his report on the army appropriation bill.

"While it has been generally rumored that we had no airships with our army in France, the fact is that we have between 1,300 and 1,400 of them, at least two hundred of which are fighting machines," the report says.

The report of the committee disclosed that the exact number of American airplanes in France is 1,316 of which 323 are combat planes. There are 3,760 planes in the United States, the report said.

The people of the Point generally, any organization, Fraternal or civic and any or all women organizations that will be pleased to join.

The parade will start at 9:30; after covering the route of march to be given later they will join with the parade on Macdonald avenue which has already been arranged. Upon reaching Macdonald avenue they will take their place in the various divisions in which they would properly belong.

There will be a meeting held in the opera house on Standard avenue, Monday evening, at which time and place, the program will be worked out in detail.

"In Music Land" Is Something Good

Those who like good music—and who does not?—will find unusual interest in the Lewis & Raymond act "In Music Land-' at the Richmond Theater vaudeville show this afternoon and evening. Manager Dan Reardon promises the patrons some of the fines music they have ever heard in this exceptional act Mr. Lewis is a musician of unusal ability while his partner, Miss Raymond, comes from a famous musical family. The act is right from the big circuits.

Other good acts offered will be the Artois Duo, unrivalled bar comiques, Chat Wilson, noted newspaper cartoonist who brings some original conceptions to the stage and Edith Benjamine, the singing commedienne. The picture program will contain "The Blind Adventure," and Pathe News.

QUOTA RAISED AND MORE IN SIGHT

Richmond Red Cross Already Over The Top and Still Rising

The Richmond ed Cross workers did not get through figurng up until almost midnight last night, and while all we tired they were also very glad and happy, because the quto set for the Richmond district was raised and there is plenty more ineight.

The figures showed cash on hand last night of $16,778.23. Giant phoned down that the district there, which is part of the Richmond section, had on hand $3,045.35. This added to the cash here makes $19,-$18.58, and on top of this goes the big bottle collections of the women workers yesterday and last night, amounting to nearly $200, and the tag collections of the police, amounting to over $200 more, which added together makes more than the $20,-000 which Richmond started to raise.

A number of outlying sections have not reported yet, and some of the biggest plants are yet to make their individual subscriptions. It is confidentally expected by the workers here that the Richmond district will go somewhere between $30,000 and $40,000.

The Police Arrest Everybody in Sight

The Richmond police force started out yesterday with blood in its eye, and arrested everybody caught driving an automobile. They played no favorites, and it did not matter whether one was speeding or not, all were held up and found guilty on general principles; then they were fined 50 cents and allowed to escape, bearing a tag on their machine which showed they had "come across."

Five hundred people were pinched and $250 realiized before it got noised around that the raid was on. The money was turned in to the Red Cross and everybody seemed satisfied.

Circus Was Good; Crowd Was Large

The circus was a good show and everybody seemed pleased, except that many thought a dollar was a pretty stiff price to pay. So it was, but as everything else has gone up, and circuses are under twice as much expense as formerly, it is only to be expected that the price of admission would rise.

There was a large crowd, both afternoon and evening, which is a good sign that the people of Richmond are neither broke nor hard up. The circus does not get away with as much as formerly, as it has to buy an awful lot of stuff in every town.

We had a lot of tickets, knowing the management, and gave them away to the children.

BIG TIME FOR PULLMON

The people of Pullman turned out en masse last night to the big dance at East Shore Park and had the time of their lives. It was for the Red Cross and the receipts were large. They were still having a grand time at late hour last night, and we could not learn what the gate receipts were, as the reports on ticket sales were not all in yet. There were entertainment of various kinds before the dancing.

MEXICO IS HUNTING TROUBLE WITH U. S.

WASHINGTON, May 25.—Mexico's sudden and unespected suspension of diplomatic relations with Cuba is looked upon here as an indirect move against the United States, which possibly may foreshadow a breaking of diplomatic relations with this country.

The underlying cause for Mexico's action, it is understood here, was a recent incident in which Senor Fabela, her Minister Argentina, while on his way to Buenos Aires, was held up in Havana while his baggage was searched by an official, supposedly a Cuban customs inspector, who, it is reported, found among the Minister's effects certain papers.

MEMORIAL PROGRAM TO HAVE FRENCH UNIT

A feature that deserves special notice in the Memorial Day parade will be promoted by the French unit. They are small in number but large in patriotism and loyalty to the cause. With them on that day will be a French soldier on leave from the battle front. His name is J. Petonya. He is in French uniform and will carry the French flag. He was at the battle of the Marne, at Verdun, Yseil under General Foch and took seven prisoners at one time. His service on the battle line covers four years.

Harbor Work to be Rushed to Completion

Work is to commence shortly now on the big harbor dredging job over which the federal government has supervision, and it also will be pushed to an early completion.

It is possible that three dredgers will be at work on the contract on the Richmond Inner Harbor ordered let to the American Dredging Company, one large one and a small one at the start and a third later.

Arrangements have been made by the American company to lease from the Standard Dredging company the big dredger known as the Turbiner that has been doing work of filling and channel building for the Standard Oil company. The dredger has a capacity of 120,000 cubic yards a month. Then there is the dredger Richmond No. 1, with a capacity of 80,000 cubic yards a month, which is ready to go on the job.

The American company's own dredger, the big Yankee, another 120,000-yardmachine, is on a job in the Oakland estuary and when it finishes that it will be put on the Richmond job also.

Remeber the big whist party to come off at SSt. Paul's hall, San Pablo, Tuesday evening, May 28. The prizes are now on display at Egan's store. It is for the benefit of the chudch and there will be refreshments and dancing.

At St. Paul's church, San Pablo, there will be mass this morning at 8:30, and services in the evening at 7:30.

Mrs. C. Budley and daughter Ida, and Miss Vesta Gillette are vacationing near Suisun.

The ladies of the G. A. R. are to attend memorial services this evening at the First Christian church. Rev. Boyer will deliver a discourse appropriate to the occasion.

The man who died on the street car between Oakland and this city last Friday night is still at the Smallwood undertaking parlor unidentified. Nobody knows anything about him.

Patriotic Uprising in All Sections for Red Cross—Industrial and Other Happenings

Brentwood Parade.

Brentwood, in common with many other cities over the country, held a Red Cross demonstration as a means of ushering in the big national drive for $100,000,000 for war relief work. It was conducted on the same plan as the Liberty Bond celebration a month ago, beginning with a parade and concluding with an open air meeting in front of the high school.

The parade consisted of three divisions, marching Red Cross women, both Byron and Brentwood bronches being represented; a large float, representing the Red Cross, and marching school children, who with their colored caps formed a cross.

The Byron ladies were in goodly numbers, and carried a number of flags and banners.

Shipbuilders Union.

BAY POINT, May 25.—Oakland Union labor representatives have been assisting other communities in the work of organization. A committee consisting of W. B. Angell, organizer ot boilermakers; V. O. Doaslaugh, secretary of Local 233, boilermakers; and B. H. Welch and Clarence Perry, business agents of Shipyard Laborers' Union of Alameda county, have completed the organization of employees of the Pacific Coast Shipbuilding company. More than 300 men comprise the new union.

Big Hercules Drive.

Chairman W. H. McBryde, of the Red Cross drive in Hercules, reports everything in the subscription line in fine shape. All employees of the great powder institution are contributing liberally and Hercules will be a top-notcher when the totals are made up.

Miss Hazel Downer has taken up the work of securing subscriptions in Pinole and is carrying on the campaign with a vim that will put Pinole "way over."

Home Guard Military Ball.

On Saturday evening, June 8, 1918, Company B. C. H. G., will give a military ball in the town hall. As an added attraction there will be a competitive squad drill in which the various companies of the Home Guard will compete. A handsome trophy was donated by Mr. W. H. George of the Cowell Lime and Cement Company. Considerable rivalry exists between the different companies and it is expected that the drill will be very close. Company B. C. H. G., won the last drill, and is expected to put up a very good drill this time. A good time is assured all.—Walnut Creek Courier.

Dance at Antioch.

The people of Antioch celebrated last night with a big dance for the benefit of the Red Cross, and everybody went, and paid half a dollar and had a good time. It was in honor also of the opening of the machinery building of their shipyards and a feature of the evening was the big marine orchestra from Mare Island. The near opening of the shipyards at Antioch means much added business and prosperity for that section.

Concord Over the Top.

Concord is over the top once more; so is Pachec and so is Clayton. These communities have all been generous in the Red Cross War Fund Drive, but the committees at this time are not able to give the exact figures. The amounts collected in ach place will be published next week.

Miss Irene Grunhut entertained a number of her friends at her home 216 4th street, Thursday evening, in honor of her mother's birthday. Amusical was enjoyed by those present and Miss Teresa Mattimore, formerly of Hollywood gave several numbers. Miss Mattimore and her mother have decided to make their home in Richmond.

Do not overlook the opportunity to hear Captain Arthur J. Francis' this afternoon at the Lincoln auditorium, at 2:30. He is one of the finest speakers in the country and will tell of his personal experiences at the battle front. The lecture wil be free and an intellectual treat.

MOONLIGHT PICNIC

The Epworth Leaguers of the First M. E. church enjoyed their moonlight picnic at Long Beach the other night, even if the weather was a bit chilly. They had a weine bake and other good eats, played games and swung in a big swing. B. Scoble ttook them all out in a big truck, and those who attended voted the picnic a big success.

There will be an interesting program, smoker and refreshments at the meeting of the Merchant's Association Monday night, at Chamber of commerce hall. There will be some speaking by San Francisco parties.

Clean Up and Look Right

All over America hundreds of towns and cities are having what they term "Clean-Up Week," and during that week every body who possibly can give stheir home or place of business a coat o f fresh paint. This would be a good plan for Richmond.

Nothing adds so much to the looks of a house or a town as fresh paint. It gives an air of sanitation, clealiness and also prosperity.

Use some wall paper, paint and varnish on the inside, too.It will make you feel better to have your home look better, and you will make a hit with the wife at the same ime.

everything in the "Clean-UpLine, and a little paint and stain go a long ways.

EQUAL SUFFRAGE SOON.

The action of the senate suffrage leaders in deciding on an indefinite postponement of the vote on the house amendment is the result of a regretable necessity, but is not vitally important. Suffrage not only "will come," but is virtually here, and the immediate steps by which it shall be secured to those states that have not yet voted it is a mere detail of organized politics. The fight for the principle has been made and won. In those parts of the country where there is still vigorous opposition, it rests either on an historical sentiment that will soon evaporate, or upon local conditions which will not be sufficient to prevent national action.

With all the west not only for suffrage, but having formally adopted suffrage, and with New York now having adopted the policy, it will be impossible for the anti-suffragette to prevent the force of the movemenent spreading over the necessary number of states to force congressioal action. In the senate today, it is announced, there are but two votes short of the needed two-thirds majority. Everyone of these favorable votes will stay favorable. A great part of the unfavorable voters will waver at one time or another, and may be carried over the line at once. The situation may be a little irritating to enthusiasts for the cause, but means at best but a short delay.—Fresno Republican.

It costs 3 5cents a gallon to make whisky; the taxes and insurance runs it up to 50 cents; the wholesaler adds an awful profit, so that by the time it reaches the retailer he price is $3. Then the retailer sells it at 15 cents a drink, sixty drinks to the gallon, $9.00—a profit of $8.65 between the manufacturer and the consumer. Some profit.

In commenting on the plan to have bartenders of California work in the harvest fields, the Carson (Nevada) Weekly says: "It would be a healthy outing for the boys and they might as well get accustomed to work one time as another."

Easy street usually is farther away than around the corner.

OUR RED CROSS

Your Red Cross is an all-American, largely volunteer organization, authorized by congress, headed by President Wilson, audited by the war department, enthusiastically approved by your army and navy and your allies.

The work covers both military and civilian relief in every war-torn allied country and full reports of all expenditures are constantly being published, or are available through the chapters.

It stands beside our boys in training here or "over there."

It watches beside the pillows of battle-broken men, and offers rest and sympathy to war-torn fighters on brief respite from the front.

It carries food and clothing to hungered mothers and little ones in ruined villages.

It helps rebuild the scattered pile of brick and stone they once called "Home."

It brings back to the homeless mother's arms her long lost child.

It helps care for the orphans of the men who died that civilization might live.

It helps care for the thousands that have fallen prey to tuberculosis

It nobly represents in deeds of mercy, relief and restoration the more than twenty million members that have made its great work possible.

One of the best ways of stamping out pro-Germanism in this country would be to confiscate property of German sympathizers, intern them for the duration of the war and deport them to Germany after the war.

A few religious sects refuse to aid Uncle Sam because they don't believe in war. We don't believe in smallpox, but as long as smallpox breaks out now and then the health authorities should have our support.

Your town is a part of your country. For that reason you have no more right to knock on your town than on your country. Don't be a Bolsheviki.

The greatest joke of the season is Dist. Attorney Fickert's candidacy for governor. We would not vote for that fellow for dog pelter.

Still on the Job.

"The old-fashioned door-knocker seems to have gone out of style," remarked the Observer of Events and Things, "but, don't make any mistake, opportunity is still on the job."

The Extreme.

"Is Judkins as mean as they say?" "Mean? Why, that fellow's so mean he wouldn't even give a tip to his hat."

So Much Time Wasted.

One morning Mary's mother telephoned to a friend and wanted her little son, Richard, to come and play with Mary. When Richard's mamma asked him if he wanted to go he replied, "Poor child, she could have had me all this time."

Daily Thought.

Our doubts are traitors and make us lose the good we oft might win by fearing to attempt.—Shakespeare.

The Blessings.

The real blessing, mercy, satisfaction, is not in the having or the lack of merely outward things, but in the consciousness that the true sources of life and happiness are deeper than all these.—John White Chadwick.

Evil in Over-Prosperity.

There is ever a certain languor attending the fullness of prosperity. When the heart has no more to wish, it yawns over its possessions and the energy of the soul goes out like a fire that has no more to devour.—Young.

The GREATEST MOTHER in the WORLD

Stretching forth her hands to all in need; to Jew or Gentile, black or white; knowing no favorite, yet favoring all.

Ready and eager to comfort at a time when comfort is most needed.—Helping the little home that's crushed beneath an iron hand by showing mercy in a healthy, human way; rebuilding it, in fact, with stone on stone; replenishing empty bins and empty cupboards; bringing warmth to hearts and hearths too long neglected.

Seeing all things with a mother's sixth sense that's blind to jealousy and meanness; seeing men in their true light, as naughty children—snatching, biting, bitter—but with a hidden side that's quickest touched by mercy.

Reaching out her hands across the sea to No Man's land; to cheer with warmer comforts thousands who must stand and wait in stenched and crawling holes and water-soaked entrenchments where cold and wet bite deeper, so they write, than Boche steel or lead.

She's warming thousands, feeding thousands, healing thousands from her store; the Greatest Mother in the World—the RED CROSS.

Every Dollar of a Red Cross War Fund goes to War Relief.

Make It
Meatless, Wheatless and Eatless
If Necessary!

This is the week of sacrifice, if it be necessary to do so in order to give to the Red Cross. We must all give to the Red Cross, matter what the sacrifice necessary, for it is a patriotic duty we owe to our county, to the Red Cross and to ourselves.
We are here to sell you meat, but if you can't afford meat and a Red Cross donation also, then we advise the donation.
If necessary, make it meatless as well as wheatless—yes, even eatless!
This week we have all got to go over the top for the Red Cross. We can eat some other time.
